The images that are titled in a **larger font size** and *italicized* are essential to the text. There are 1, 2, 3, 4, 5, 6, 8, 9, 10, 11, 13, 15, 16, 17, 21, 22, 24, 25, and 26.

Should you need to edit out for space or other considerations than I would suggest the remaining images.

Thanks!
